ÁNGULO PARA CORNISA DISPONIBLE PARA PEDIDOS ESPECIALES

For crackle pieces the use of sealing and protecting products similar to the ones used for protecting polished natural stone is advised. Amadis recommends Fila MP/90.

Para el azulejo craquelado se recomienda utilizar productos de sellado y protección similares a los que se utilizan para piedra natural pulida. Amadis recomienda Fila MP/90.

Для плитки с кракелюрами рекомендуется использовать защитные средства, которые используются для натурального полированного камня. Amadis рекомендует использовать защитное средство Fila MP/90.
